

November 11, 2020

Stephen Epstein has been our insurance guy for about 30 years.

He is passionate, knowledgeable and determined to always get you the insurance that you need at the best possible price.

His experience in the field speaks volumes.

His advice for health, disability, dental, travel and for ageing has always been sound, sensible and useful.

He is very approachable and patient when advising and going through policies with his clients.

He is responsive when there are issues and always available at pretty much all times of the day and night.

He is the one and only insurance guy you will ever need.

Sincerely,

Orli and Gary Marks
