

Testimonial - Stephen J. Epstein

December 15/2025

For over 30 years, Stephen J. Epstein has been a constant source of support and stability for my family. He guided us through the complexities of disability and life insurance with compassion, professionalism, and unwavering integrity.

Through the ups and downs - times when we struggled, when problems arose, and as insurance companies changed hands, Stephen was just a phone call away. He gave us peace of mind when we needed it the most, and his knowledge made all the difference during difficult moments.

My thirty year old business card from Stephen may be worn and faded but I keep it. It's more than a card, it is a reminder of the person who helped us to build security for the future.

Warm Regards
N. Hamilton
